FREE FINANCIAL SEMINAR TO BE HELD AUG. 29

FROM STAFF REPORTS

A free financial seminar will be offered at 11:30 a.m. Aug. 29 at the C. Burr Artz Public Library.

Samuel N. Asare, senior financial strategist with Laser Financial Group, will present the seminar.

The seminar is described as presenting a simple investment strategy that provides downside protection against market risk, yet earns competitive equity-linked returns when the market is doing well.

"Not a single one of our clients have lost even a dime during this economic tsunami," Asare said in a statement. "While it is true that no financial expert can predict the exact future movements of the markets, there's absolutely no need to gamble and risk losing everything."

Asare holds an MBA, is a Chartered Retirement Planning Counselor, a Chartered Mutual Fund Counselor, a Certified Treasury Professional and a Certified Business Manager.

To register for the seminar, call 301-949-4449 or visit www.LaserFG.com.
